Subject: RE: Copy of NPDES Permit Application -Elwha Water Facilities (Permit No. WA-002666-2)
Attachments: Elwha WTP Permit Application 2004 Forms 1 and 2D.pdf

Bill:

Attached is a PDF copy of the application for an NPDES permit for the Elwha Water Treatment Plant that we received in 2004 from the Bureau of Reclamation.

As I suspected, the 2004 application used a different form than the current application must use, because the facility was new at the time. The 2004 application used Form 2D; the current application should use Form 2C. I have been providing assistance in completing the new application to Tom Hubbard at Veolia Water as needed.

Thanks,

Brian Nickel, E.I.T.

Subject: Copy of NPDES Permit Application -Elwha Water Facilities (Permit No. WA-002666-2)

Brian,

Thanks for your help in obtaining a copy the application filed with EPA for this permit (No. WA-002666-2). Today we were asked a few questions by the National Park Service (NPS) about a new application, and having the old application in hand will be of some assistance. We understand the NPS contract operator, Veolia, has requested this information as well. I understand you will be checking with a File Clerk to determine whether a paper or electronic record are available. My counterpart in Seattle, Kelly Powell of the Solicitor's Office (tel 206-220-4106), may be in touch with you Wednesday Jan 15th as her offices are near yours, which would expedite delivery of a paper copy. We appreciate your observation that the old application (new facility) is not the same as the new application (existing facility). Thanks Again, Bill
